Instructions for Accessing the My Stop Mobile App

- Download the app onto your smartphone
 - Launch the App Store on your iPhone or Google Play Store for Android phones
 - Search for “Versatrans My Stop” by Tyler Technologies, Inc
 - Install app
- Launch the app from your home screen named Versatrans My Stop
- Select the “Tap to select a school district” button
 - This brings up a “Closest Districts” list
 - If you do not find your school, select the “All Districts” button at the bottom

Instructions for Accessing the My Stop Mobile App

- Enter your username and password to log in
 - Login credentials are determined by the school district – contact your transportation department for details
 - Once logged in, you can select the “Setup” button at the top right and then select “Change Password” to modify your login credentials. Usernames cannot be changed.
- The main screen of the app will display a map of the district
 - You will see a yellow arrow on the screen that indicates where your student’s bus currently is if there is a planned route for the current time
 - If you do not see an arrow there will be a message that states “no active routes found”.

Instructions for Accessing the My Stop Mobile App

- This means that the student's route is not on the road at this time or that you have selected a student who does not receive school transportation
- To swap between siblings without logging out, tap the student's name at the top left to bring up a list of all related students
